

# Inclusion Module: Volunteering in Disability Sport

The following Disability Inclusion Module was developed specifically for volunteers participating at a sport event for persons with a disability. The module covers topics including defining and describing disability, respectful communication, the history of Para sport, the classification process, benefits of sport participation for persons with disabilities, and tips on how volunteers can facilitate positive, inclusive sport experiences for athletes with disabilities.

[Visit the CDPP inclusion module page](https://cdpp.ca/resources-and-publications/inclusion-module-volunteering-disability-sport) to access this module
